

# “Brand New”

K-Kountry Devo Rap 2010  
by Flame & Future

## VERSE 1

I love the gospel man-it's such a great thing  
First Peter-third chapter verse eighteen  
It's all paid in full-the blood covers my life  
I was in trouble but the judge paid my price

Now with my faith I placed in the one that never fails  
Just like the book of John-chapter one verse twelve  
We've been made his kids-we've been adopted in  
To His family-bondservants we honor him

Because He is our Lord plus He is our king  
Just like the book of John chapter fourteen verse fifteen

We should love others  
'specially sisters and brothers  
That's what Christians do  
The Bible's what we listen too

Jesus is the way-that's for sure  
First John chapter four  
Verses 19 through 20 more  
You transformed? I'm transformed

## CHORUS

Jesus got a hold of me  
I'm Brand New, I'm Brand New (x2)

Now watch me change (x4)

When I say “Brand” You say “New”  
Brand.....New Brand.....New (x2)

## VERSE 2

Tell me do you want to grow?  
Do you know which way to go?  
Just let the Bible light up and guide you like a picture show

His word is factual-Our sin's an animal  
We gotta beat on our bodies to make it natural

We gotta obey his teachings  
Read chapter six in Ephesians  
Your daddy your mama givin' them  
Honor long as you breathing

Obey the chain of command  
In God's teaching  
We gotta love the truth like Lebron's  
In love with Cleveland

Did you say it? Yes I did  
That's exactly how we should live  
Teamwork-read Ecclesiastes 4, tenth verse

Yeah it works, you don't want to struggle alone on this earth  
Without community I'd be ruined  
Thank God for His Church

To fulfill the great commission  
We should walk as Jesus livin'  
We should have a burden to serve Him  
Urge this world toward the risen

Now go and show 'em  
Now go and tell 'em  
They need to know Him  
And he won't fail 'em
